FRASER COAST REGIONAL COUNCIL
PUBLIC PARTICIPATION
PROCEDURAL GUIDELINES

Please switch off mobile phones. The use of mobile phones is not permitted in the Council Chamber during meetings.

Taping of Committee or Council Meetings by the public is not permitted unless the Chairperson has been notified and approval given by a majority of Councillors present at the meeting.

Public Participation is a Fraser Coast Regional Council initiative to provide an opportunity for the Community to bring important issues directly before Council.

Specifically, Public Participation addresses the following key issues:

- To ensure Council is accessible and open to all members of the Community.
- To encourage the Community to take an interest in the welfare of the City.
- To provide a forum for the Community to present opportunities and ideas that could benefit the City and Council's operations.
- To provide a final opportunity for presenters to bring issues, objections or appeals before Council.

1. At each Ordinary Meeting a period of time is allocated for Public Participation to be conducted.

2. The presentation during Public Participation must be restricted to **five (5) minutes**. At the discretion of Council an extension of time may be granted.

3. Participants must **state their name and address** for the purpose of recording the minutes which will be published on Council's web-site.

4. **Issues arising from Public Participation are not to be debated**, however Councillors may make statements to the Meeting or ask questions. The presenter is allowed to provide brief answers, and if necessary, Council may invite additional information to be submitted to the relevant Councillor/s. Matters arising from Public Participation that Council wishes to address may be referred to the appropriate Department/Director.

5. Public Participation **is not a venue to voice complaints or personal statements against any individual Councillor or Officer**.

6. The Mayor may order a person to cease speaking if he considers the presentation to be disrespectful, abusive, outside these procedural guidelines or otherwise not in the public interest.

7. If you lodge any questions 24 hours prior to the meeting, relevant information may be able to be provided at the Meeting.

8. Questions requiring written response from Council Officers are to be submitted in writing and should include name, address and telephone number for contact purposes.

ORD 15 GENERAL BUSINESS

ORD 15.1 Australia Day Celebrations

Councillor Harris referred to Australia Day celebrations scheduled for 26 January and the very heavy rainfall currently being received. She said that she believed that there were wet weather arrangements in place. Councillor Harris said that she would particularly point out that in Tiaro it was not possible to reach the outdoor event location because roads were flooded and the celebrations would be held in the Memorial Hall with the fireworks being cancelled.

Councillor Kruger advised that the Maryborough Australia Day celebrations would be held in the City Hall at the time scheduled.

ORD 15 GENERAL BUSINESS

ORD 15.2 Local Government Elections

Councillor Hovard referred to the postponement of the Local Government Elections for another month. She said that she was tired of saying over and over again there was a lack of regard for local government by the State Government. Councillor Hovard referred to the preparations already made and the cost involved in their campaigns by the candidates.

ORD 15 GENERAL BUSINESS

ORD 15.3 Congratulations to Staff – Working in Hot Weather

Councillor Hovard said that on a day like today it was hard to imagine the dreadfully hot weather of a few weeks ago, but she wished to commend the outdoor staff that had done such a great job during that hot weather.

10.07am Councillor Nioa attended the Meeting during Item ORD 15.4.

ORD 15 GENERAL BUSINESS

ORD 15.4 Domestic Sewerage Treatment Effluent Testing

Councillor Brooks enquired, on behalf of several local residents, regarding the domestic sewerage treatment plant effluent testing fee, which is included in the General Rates notices. She asked if the current testing programme was on track and what action Council was planning to do with regard to the income derived over previous years when testing was not fully undertaken. Councillor Brooks stated that the testing was for those properties that had above ground effluent dispersal. The testing is undertaken to ensure human health and safety.

Executive Manager Regulatory Services, Mr Andy Gaze, confirmed that Council was currently on track to complete all testing by the end of this financial year. He said that the testing was done regularly but not annually and the funds collected annually were put aside to finance the cost of the testing. Testing done this year was being financed by other means to ensure all properties were brought up to date. Mr Gaze said that he would recommend Council consider investigating the need to continue this testing as well as the appropriate charge to be levied. He advised Council that it could consider holding the fee at its present level, if it was to remain, due to some properties previously not being tested as regularly as was being done now.

The Chief Executive Officer confirmed that the issue would be discussed as part of the budget briefing process and options for continuation of the programme would be provided to Council including the consideration of the level of the fee for the 2012/13 budget.

ORD 15 GENERAL BUSINESS

ORD 15.5 Roadside Litter – State Roads

Councillor Brooks said that she was upset, angry and annoyed at the amount of litter she had seen on the roadside, particularly coming into Hervey Bay, of the Maryborough/Hervey Bay Road which was a state road. Councillor Brooks said that she knew Council spent ratepayers money on employing staff to keep its streets clean and litter free, but her understanding was the State Government did not do this and did not have a programme or employ anybody to collect litter on state roads. She asked if Council could liaise with or write to the State Government expressing concern regarding roadside litter.

Councillor Kruger advised that Council officers met with Main Roads on a regular basis and this issue could be raised at the next meeting.

ORD 15 GENERAL BUSINESS

ORD 15.6 Local Government Elections

Councillor O'Connell said that he concurred with Councillor Hovard's comments, adding that it seemed that local government was just "dangling on a string" when it came to the State Government that it could impose things such as the rescheduling of the elections.

ORD 15 GENERAL BUSINESS

ORD 15.7 Medical Students – USQ Rural Clinical School

Councillor O'Connell said that a fortnight ago 10 third and fourth year medical students were welcomed to the Fraser Coast as part of the University of Queensland's Rural Clinical School. He said that he wished to extend thanks to the Visitor Information Centre for providing welcome packs to the students who would call the Fraser Coast home for the next 12 months. Councillor O'Connell said that the feedback from their welcome and the appreciation they had of the Fraser Coast could bode well for extra medical staff in the future.

ORD 15 GENERAL BUSINESS

ORD 15.8 Picnic in the Pines – Christmas Day

Councillor McNeven extended thanks to Council for its help in relation to organising the Picnic in the Pines Christmas Day function which had been very successful. She said that again the weather enabled everybody to have a great day and there had been approximately a couple of hundred people in attendance. Councillor McNeven said that the extra support from The Chronicle had been appreciated with members of The Chronicle volunteering to help. She said that the support for the community was very much appreciated in being able to make this an annual event.

ORD 15 GENERAL BUSINESS

ORD 15.9 Australia Day Celebrations

Councillor McNeven said that hopefully the weather would not prevent Australia Day celebrations going ahead tomorrow. She said that possibly for future events thought should be given as to how to facilitate the community to be undertaking community events. Councillor McNeven said that hopefully people would be able to take time to appreciate the joy and beauty of the free democracy in which we live in this country.

ORD 15 GENERAL BUSINESS

ORD 15.10 Australia Day Celebrations

Councillor Hawes advised that unfortunately tomorrow's Teebar Australia Day celebrations had been postponed because a number of causeways in the area were already flooded, and there was also no access to the hall which would have been used as an alternative venue.

ORD 15 GENERAL BUSINESS

ORD 15.11 Liquor Accord

Councillor Hawes said that since the Christmas/New Year break the Liquor Accord had held a meeting. She said that it had been really positive, and each year there had been fewer bans. Councillor Hawes said that the Hervey Bay group had been working very well with positive outcomes in the community. She said that the Kahwun-Wooga Group was still conducting foot patrols around town, and all of the hotels had come on board which was great. Councillor Hawes said that Wide Bay Health Services had been approached and had sent a representative to investigate the possibility of getting the hospitals involved as well. She also referred to a petition being circulated for CCTV, adding that this had worked well in Maryborough and attempts were being made to get more. Councillor Hawes commented that she thought it was more than just the CCTV; it was getting the police, the businesses, the hotels and hospitals together as a group.

ORD 15 GENERAL BUSINESS

ORD 15.12 PCYC Hervey Bay

Councillor Arthur said that she wished to acknowledge the work of Acting Sgt. Tom MacKinnon who had been the Relief Manager for the Hervey Bay PCYC for the last six months. Councillor Arthur said that he had taken on the challenge outside of his normal duties. She said that at the last meeting of the PCYC Committee, one of the Aboriginal-Torres Strait Islander ladies had spoken of Tom's role at the PCYC and how he had included that community as part of the people who used the PCYC, saying that he had "very welcoming hands". Councillor Arthur said that it was a shame that he had now returned to his normal duties. She said that for the next five months the role would be undertaken by Tracey Meyers who commenced this week.

ORD 15 GENERAL BUSINESS

ORD 15.13 Roadworks River Heads

Councillor MucKan said that he wished to thank the Director Infrastructure & Environment and his team in relation to the roadworks which had been undertaken at River Heads during the Christmas break. He referred to their quick reaction to the problem.

ORD 15 GENERAL BUSINESS

ORD 15.14 Australia Day

Councillor MucKan said that in the spirit of reconciliation he wished everybody a happy Australia Day and hoped everybody had a good day.

ORD 15 GENERAL BUSINESS

ORD 15.15 Welcome to Country – Aboriginal Elders

Councillor MucKan referred to a letter received from an Aboriginal Elder saying that the Elders of Maryborough had not been invited to do Welcome to Country at the Australia Day celebrations. He said that he would pass the letter on to the Chief Executive Officer. Councillor MucKan said that while it was too late for this year's Australia Day, there should be an updated list of Elders and organisations in the Fraser Coast region to enable all Aboriginal Elders and communities to be invited to conduct Welcome to Country in the future.

Councillor Kruger said that therefore, whichever organisation was holding an event the organisation should invite the traditional owners to do the welcome.

ORD 15 GENERAL BUSINESS

ORD 15.16 CCTV

Councillor Dalgleish referred to the CCTV issue and asked that a report be brought back to Councillors to bring them up date regarding CCTVs. He said that prior to Christmas he had had discussions with the Executive Manager Environment & Open Space, Mr Jamie Cockburn, regarding this matter adding he had today received an email with an update which included information regarding the All Abilities Playground which will have two cameras. Councillor Dalgleish said there was a delay and outlined the reason to Council. He said that the cameras came at a cost and the cost would basically be worn over the parks budget. Councillor Dalgleish said that some embellishments going into parks may be put aside to fund the cameras. Councillor Dalgleish said that other "hot spot" areas were currently being identified for camera locations.

ORD 15 GENERAL BUSINESS

ORD 15.17 Kehlet Street

Councillor Dalgleish referred to the good work that Council had done in relation to Kehlet Street. He explained the delays regarding this job saying that unfortunately the machine which puts the bitumen down was owned by the contractor, so prior to Christmas Council was waiting for the ground to dry out to enable the sealer to be put down, then the plant closed over Christmas and the machinery was not available and now the machinery was available the rain had returned. Councillor Dalgleish said that the machinery was waiting and everybody was keen to do the work. He said that Council staff was trying to maintain a service level for the community.

ORD 15 GENERAL BUSINESS

ORD 15.18 Car Park – Beach Road

Councillor Dalgleish referred to the car park near the intersection of Beach Road and the Esplanade which was also waiting on a seal to go down. He said that this was a big job because Wide Bay Water heavy trucks use the car park to gain access to the treatment plant and the pumps and the ground needed to be strong enough to support the weight of the trucks.

ORD 15 GENERAL BUSINESS

ORD 15.19 Appreciation to Parks Staff

Councillor Dalgleish said that the parks staff had worked so well over the break, and even now were out working in the rain. He said that this morning at 7.00am they were out on mowers with umbrellas, in raincoats and hats, trying on every opportunity to keep up with the workload and they did a good job.

ORD 15 GENERAL BUSINESS

ORD 15.20 Delegated Authority to Chief Executive Officer – General Aviation Hangars at Fraser Coast Airports

Councillor Kruger referred to the hangar sites at the Hervey Bay and Maryborough airports and explained that because they were airports, when somebody applied for a hangar it needed to go through a town planning application and this process meant going through the various agencies. Councillor Kruger said that because hangars were on Council land it had to come back to Council. He said he believed Council should move a motion that authority be delegated to the Chief Executive Officer to approve development applications for general aviation hangars at Fraser Coast Airports where the use was consistent with the Airport Master Plans. Councillor Kruger said that this would cut a considerable amount of red tape.

RESOLUTION (Dalgleish / MucKan)

That Council delegate authority to the Chief Executive Officer to approve development applications for general aviation hangars at Fraser Coast Airports where the use was consistent with the Airport Master Plans.

FRASER COAST REGIONAL COUNCIL
ORDINARY MEETING NO. 2

WEDNESDAY 1 FEBRUARY 2012

SUBJECT:	**AMENDMENT TO 2011/12 FEES AND CHARGES SCHEDULE – DUE TO ADOPTION OF NEW LOCAL LAWS**
DIRECTORATE:	**COMMUNITY AND DEVELOPMENT**
RESPONSIBLE OFFICER:	**EXECUTIVE MANAGER REGULATORY SERVICES, Andy Gaze**
AUTHOR:	**CORPORATE GOVERNANCE OFFICER, Kay Hoskins**
DOC NO:	**#2149207**
LINK TO CORPORATE/ OPERATIONAL PLAN:	**Financial Services**

1. PURPOSE

The purpose of this report is to amend Council's Schedule of Fees and Charges due to the adoption of new local laws.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

Council adopted a set of new local laws and subordinate local laws on 7 December 2011, which came into force on 1 January 2012.

The adoption of these new local laws has generated new entries and amendments and deletions of existing entries within Council's Schedule of Fees and Charges 2011/12.

It is proposed that Council approves various amendments (detailed in red font) to the Schedule of Fees and Charges as set out in Attachment 1 in accordance with the requirements of the *Local Government Act 2009* to align Council's fees and charges with these new laws.

3. PROPOSAL

That Council approves the proposed amendments to the Schedule of Fees and Charges as set out in Attachment 1.

4. FINANCIAL & RESOURCE IMPLICATIONS

To establish and set charges to fund future applications and regulatory services obligations under the new local laws.

5. POLICY & LEGAL IMPLICATIONS

Fees must be set by Council resolution as per the *Local Government Act 2009*.

6. CRITICAL DATES & IMPLEMENTATION

To be implemented from date of adoption.

7. CONSULTATION

Consultation has been held with the Executive Manager of Regulatory Services and the Executive Manager of Environment and Open Space/Acting Director of Infrastructure and Environment.

8. CONCLUSION

As a result of the adoption of new local laws, which took effect on 1 January 2012, it is necessary to amend the Council's adopted fees and charges to incorporate new and amended entries in the schedule.

9. OFFICER'S RECOMMENDATION

That Council adopts the proposed amendments to the 2011/12 Schedule of Fees and Charges set out in Attachments 1 of the report (DOCS 2130792).

FRASER COAST REGIONAL COUNCIL
ORDINARY MEETING NO. 2

WEDNESDAY 1 FEBRUARY 2012

SUBJECT: **RESPONSIBLE PET OWNERSHIP INITIATIVES**

DIRECTORATE: **COMMUNITY DEVELOPMENT**

RESPONSIBLE OFFICER: **EXECUTIVE MANAGER REGULATORY SERVICES, Andy Gaze**

AUTHOR: **EXECUTIVE MANAGER REGULATORY SERVICES, Andy Gaze**

DOC NO: **#2158269**

LINK TO CORPORATE / OPERATIONAL PLAN:

1. PURPOSE

To provide Councilors with details of the Responsible Pet Ownership Initiatives which are planned in 2012.

2. BACKGROUND & PREVIOUS COUNCIL CONSIDERATION

As a result of the budget process in 2011/12 $90,000 was set aside from animal registration fees for responsible pet ownership initiatives.

Preliminary discussions were held with Councillors late last year on the options available to Council and this report details these options. The options are designed to help increase the desexing rate within animals in the community, reunite animals with their owners whilst supporting those in most need.

PAWs unit

Continue to support the PAWs unit (the mobile desexing unit offered by the RSPCA). The Maryborough Animal refuge was supported with a grant to continue to bring the unit to Maryborough and they plan to bring the unit up for 2 weeks in 2012. In Hervey Bay an MOU has been signed with the Fraser Coast Animal Education Training Unit (FCAETU) to coordinate the program within Hervey Bay for 2012 by bringing the unit in for 4 weeks. FCRC pays the cost of the unit up front and is then potentially fully reimbursed by FCAETU afterwards.

Potential Cost: the FCAETU reimburse FCRC outlay through income received from the unit. If the unit is not approximately 80% booked they will not be in a position to fully reimburse FCRC. It should be noted that the unit is programmed to be in Hervey Bay this month and is nearly fully booked.

Reduced price desexing at PAWs unit

Provide a greater discount to those who utilise the PAWs unit to desex their registered pet (registered with Council at least two weeks before the Paws Unit visit) e.g. reduce price from $99 to $75 for those on a disability pension or those who are above 65 years old and hold a pensioner concession card. This would encourage those least able to afford desexing to desex their pet.

Potential cost: $5,000

If it is assumed that 50% of all PAWs unit users are on benefits and 400 people access the service per year then 200 people would be able to benefit from the greater discount

Incentive to desex registered animals

Provide a cheque for $50 (upon receipt of a copy of the desexing certificate and invoice signed by a vet) to all those who desex their whole registered animal (the animal must have been registered with FCRC as a whole animal at 1/1/12). This is not available to those who utilise the PAWs unit. The $50 sum includes re-registration of the animal as a desexed one (note this would negate the need to offer pro-rata discount to those that desex part of the way through the year as we do now). It should be noted that this scheme supports those who have done the right thing in registering their pets

Potential cost: $10,000

This would allow up to 200 pets to be desexed and be entitled to a $50 cheque.

Pro rata registered desexing rate

For all dogs and cats that are desexed during the year provide a prorata rebate for the registration fee between whole and desexed rate (this is not available to those who have taken part in any other desexing scheme promoted by FCRC). Note this is not a cash return of money but the discount would be applied to the following year's renewal.

Potential cost: $2,000

Last litter Fund

The last litter fund is a program designed to increase the desexing rate of active female cats. The owner of any kittens that are offered for sale (often free of charge) will be contacted and an offer made to take the kittens from them for free and desex the female cat again for free. The kittens would be rehomed via one of the local refuge groups.

Potential costs: $6,000 per annum

It is likely that a maximum of 30 litters could be rehomed per year (lack of available foster carers/adopters) and as such the cost of desexing 30 cats would be the principle cost plus the cost of the Regulatory Services trainee working in conjunction with the welfare groups contacting cat owners and coordinating the scheme. It should be noted that the income derived by the FCAETU from the PAWs unit is designed to implement a last litter program and in combination with FCRC

Increased micro chipping

Provide free micro-chipping service to all those who use the PAWs unit

Potential cost: $4,000

If all animals that utilise the PAWs unit are unchipped (400 animals) and FCRC provide the chip for the RSPCA to implant.

Animal registration drive

To increase uptake of cat registration offer a one-off incentive at renewal rates if registration and payment received by due date.

2011/12 Fees

	First time	Renewal
Whole Cat	$99.00	$69.00 (includes $20 discount)
De-sexed Cat	$48.00	$28.00 (includes $20 discount)

Note this scheme would be linked to a 'door knock' program to occur in June 2012. This program would be well advertised providing a grace period for owners with unregistered pets to register them prior to the 'door knock'. All identified owners of an unregistered Dog and Cat would receive a fine under the Animal Management Act .
The fine may be waived where a Whole Cat or Dog is desexed and registered within 28 days. All other fines would apply with the animal required to be registered within 28 days.

This regime reinforces responsible pet ownership by assisting in increase the rate of desexing. It should be noted that those who receive a fine would not be eligible to access the voucher desexing initiative as animals need to have been registered from 1/1/12.

Group obedience training

Provide reduced priced group obedience training for registered dogs who have been subject to complaints e.g. barking/roaming etc to increase the number of 'obedient dogs in the area and thus reduce complaints. This program would be either tendered or put out to EOI for a set number of dogs or hours of training.

Potential cost: $10,000.

This figure is an estimate of providing training to 200 animals at $50 per animal which could easily entail 5 hours of group training.

Promotion of chipping scan to win competition

Promotion to ensure chip details are correct by getting owners to bring pets in to get them scanned to confirm correct details and then be entered into a draw for a prize.

Potential cost: would depend on prize/s maximum $500 It is envisaged that this program could be run in association with the Pet walk in August 2012.

Walk with me

Initiate a walk with me program in Hervey Bay and Maryborough from spring 2012. This program which will run at weekends will promote walking and animal interaction (supports the responsible owner) and will aim to reduce antisocial animal behavior. The scheme will also be linked to the get out get active philosophy.

Potential cost: Staff who are working the weekend will be involved in the program thus principle costs will be on promotion and advertising. $5,000

Web based initiatives to reunite owners with their pets

A new facebook based site for impounded animals will commence in February which will allow images of impounded animals to be uploaded as soon as the animal is impounded including at weekends thus allowing owners of lost pets identify quickly if Council has collected their pet.

Also a new lost and found facebook page is being designed which should again go live in February which will allow members of the public to post details of pets they have lost and ones that have been found this hopefully reuniting animals with owners without the need for Council staff intervention.

Potential cost: minimal cost.

New cat mascot

To assist Fraser (the dog mascot) and promote responsible cat ownership a new cat mascot Poppins is being designed and will be ready for introduction into publicity materials on the facebook pages and school programs in the coming weeks.

Potential cost: will depend principally on cost of artwork and costume Maximum $5,000

Supporting local animal welfare groups

Local animal welfare groups are the cornerstone of rehoming of cats and dogs within the region. These groups work alongside council and provide an invaluable service in taking unclaimed impounded animals and finding long term homes for them.

Without these groups the euthanasia rates at the Councils pounds would increase and healthy rehomable pets destroyed. Groups are offered free registration of pets that are fostered or adopted, free access to impounded animals that have not been claimed and free permits for additional dogs which are fostered.

3. PROPOSAL

It is proposed that all the initiatives be implemented during 2012. The schemes will help to increase desexing rates and reunite lost pets whilst also supporting those affected by nuisance dogs.

4. FINANCIAL & RESOURCE IMPLICATIONS

The programs mentioned would be fully budgeted from existing allocated resources.

5. POLICY & LEGAL IMPLICATIONS

The programs compliment Councils commitment to support responsible pet ownership.

6. CRITICAL DATES & IMPLEMENTATION

N/A

7. CONSULTATION

Consultation has and will continue to be undertaken with refuge groups as well as internal staff and external stakeholders.

8. CONCLUSION

The initiatives are designed to support responsible pet ownership reduce unnecessary breeding, help reunite lost pets with their owners and support those most in need.

9. OFFICER'S RECOMMENDATION

That Council endorse the Responsible Pet Ownership initiatives contained with this Report Docs# 2158269.

QUESTIONS ON NOTICE REGISTER

Meeting Date	Question	Action Request (Officer)
18/05/11	ORD 15.5 – **Stormwater Drainage Issue** (Councillor McNeven/Councillor Brooks) Councillor Brooks requested that Palmwood Drive be added to Councillor McNeven's original question (now complete), as a street with no drainage which causes the walkways to the beach to fill up because they become the drain.	cp0900719 (Wayne Sweeney) Inspection of Palmwood Drive undertaken by Director Infrastructure and Environment on 7 June, 2011. Report pending – waiting for surveyors to provide information on levels of drainage and natural surfaces.
03/08/11	ORD 15.1 - **Question on Notice – Interpretive Track at River Heads** (Councillor Brooks) Councillor Brooks said that in communicating with the River Heads Progress Association she wished to place a Question on Notice for the installation of a footpath from Ariadne Street down to the boat ramp. Members of the River Heads Progress Association were happy to undertake the work and seek funding for the project, however the Association asked for Council to support and facilitate the design and route for a walking track.	cp0900789 (Wayne Sweeney) Report being prepared for February.

RECOMMENDATION

That the Questions on Notice Register report be received and noted.
