I'm Lost, Help me get Home…

Did you know more than 1300 animals are impounded by the Fraser Coast Regional Council every year and spend many days in the pound waiting to be reunited with their owners?

Council is committed to help you be reunited with your pet should it stray from home.

Your pet's registration tag could be the difference between finding your lost pet or not.

Council uses the tag number to identify you as the owner should your pet be collected by our staff. If your pet is found by a member of the public they can also use the tag number to help get your pet back to you.

Council will launch a web-based system that will allow someone who finds a lost pet to use the registration tag number to locate the owner. Alternatively, they can call Council and be provided with the owner's details.

Almost 50% of all pet owners have already agreed for their details to be released and Council would like to increase this figure to make it easier for people to be reunited with their pets.

If you would like to release your contact information to Council for the purposes mentioned above, please tick the appropriate fields below. You are required to fill in every field. Only information details that you approve will be released.
