PLEASE READ CAREFULLY AND RETAIN FOR YOUR RECORDS

CONDITIONS FOR THE USE OF THE RESIDENTIAL WASTE CONTAINER

1. Applications can only be authorised by the signature of the Property Owner (who's name appears on the rates assessment at the time of application unless application is accompanied by the proof of purchase of the property) or the Agent acting on behalf of the Property Owner, ie. Real Estate Agent or Body Corporate, where the request for service exceeds the minimum service, as defined in Council's Waste Policy.

2. Any service may be increased or changed by an authorised officer of the Fraser Coast Regional Council as they see necessary for the amount of waste being produced from any property.

3. The 240 litre waste and recycle bins should be placed adjacent to the kerb or within 1 metre of the edge of the road, on the night before collection or not later than 6.00 am on collection day. Bins should be facing the correct way, ie. wheels closest to the house. Lid should be flush with the top of the bin and no extra rubbish next to the bin, extra rubbish will not be collected.

4. All perishable and dusty waste is to be wrapped.

5. Refuse containers are the property of Council and must not be removed from the premises. The resident must take appropriate steps to minimise the risk of theft or damage to the bins.

6. All containers are to be maintained in a clean condition by the resident.

7. The resident is not permitted to deface the bin in an untidy or obscene fashion.
