MINUTES OF THE ORDINARY MEETING NO. 4
HELD IN THE FRASER COAST REGIONAL COUNCIL CHAMBERS,
TAVISTOCK STREET, TORQUAY, HERVEY BAY
ON WEDNESDAY 7 MARCH, 2012 COMMENCING AT 9.33AM.

PRESENT:
Councillor Mick Kruger (Chairman)
Councillor Julie Arthur
Councillor Sue Brooks
Councillor David Dalgleish
Councillor Linda Harris
Councillor Debbie Hawes
Councillor Barb Hovard
Councillor Belinda McNeven
Councillor Les MucKan
Councillor Anne Nioa
Councillor Gerard O'Connell

STAFF IN ATTENDANCE:
Chief Executive Officer, Ms Lisa Desmond
Director Community & Development Services, Mr Peter Smith
Director Infrastructure & Environmental Services, Mr Wayne Sweeney
Director Organisational Services, Ms Alexis Hill
Executive Manager Regulatory Services, Mr Andy Gaze
Executive Manager Environment & Open Space, Mr Jamie Cockburn
Airport Technical Officer, Mr Steve Hart
Executive Manager Development Assessment, Mr Michael Ellery
Principal Officer Corporate Communication, Mr Kevin Corcoran
Media & Communications Officer, Mr Lincoln Bertoli
Meeting Secretary, Mrs Julie Schoonderwoerd

ORD 1 OPENING PRAYER

The Opening Prayer was delivered by Pastor Keith Stevenson from the Hervey Bay Baptist Church.

ORD 2 APOLOGIES

Nil

ORD 3 DISCLOSURE OF INTERESTS

Nil

ORD 4 MAYORAL MINUTES

Nil

ORD 5 CONFIRMATION OF MINUTES OF MEETINGS

ORD 5.1 Ordinary Meeting No. 3 – 15 February, 2012

Item ORD 15.8 – Pop Into The Fraser Coast (page 12)

Councillor Harris advised that the spelling of the website referred to in the minutes was incorrect and should be *wotif.com*.

RESOLUTION (Hawes / MucKan)

That the Minutes of Ordinary Meeting No. 3 held on 15 February 2012, as amended, be confirmed.

Carried Unanimously
Ord 4/981/03/12

ORD 6 ADDRESSES/PRESENTATIONS

ORD 6.1 Certificates of Appreciation from University of Southern Queensland (USQ) Fraser Coast

Councillor Kruger advised that two Certificates of Appreciation had been presented to the Fraser Coast Regional Council by the USQ Fraser Coast. One certificate was in recognition of Council's support of the Fraser Coast Regional Council Marketing Scholarship, and the second in recognition of Council's support of the Fraser Coast Regional Council Scholarship.

ORD 7 PUBLIC PARTICIPATION

ORD 7.1 Miscellaneous Issues

Mr John Curd, 47 Johnson Boulevard, Urraween

Thanked Council for repairing the seat at the bus stop in Nissen Street opposite the hospital, and also for cutting down the wild scrub in Johnson Boulevard and Jacobsen Outlook.

Asked why, when Council did work on drains which went across roads, they could not be "tarred" up in a couple of days rather than left for a few weeks.

Councillor Kruger replied that it was usually left to enable it to subside before completing.

ORD 8 DEPUTATIONS

Nil

ORD 9 PETITIONS

ORD 9.1 Receipt of Petitions

(a) Removal of Dangerous Dog

Councillor MucKan tabled a petition from 33 River Heads residents requesting the removal from their community of a dangerous dog following a recent attack.

RESOLUTION (MucKan / O'Connell)

That the petition be received and referred to the Chief Executive Officer for a report.

Carried Unanimously
Ord 4/982/03/12

ORD 9 PETITIONS

ORD 9.1 Receipt of Petitions

(b) Dolphin Waters Estate

Councillor Brooks tabled a petition from approximately 70 residents of Dolphin Water Estate which they had sent to the developers of the estate, Burrum Heads Development No. 1 Pty Ltd., in relation to the completion of work that had been promised and the maintenance and upkeep of the walkway and lake area as well as vacant blocks of land.

RESOLUTION (Brooks / Nioa)

That the petition be received and forwarded to the appropriate Director for action.

Carried Unanimously
Ord 4/983/03/12

ORD 9 PETITIONS

ORD 9.2 Open Petitions Register

RESOLUTION (MucKan / Hovard)

That the Open Petitions Register report be received and noted.

Carried Unanimously
Ord 4/984/03/12

ORD 9 PETITIONS

ORD 9.3 Petition Response Report – Ladbroke Crescent, Urangan - Drainage

RESOLUTION (MucKan / Dalgleish)

That the Chief Petitioner be advised as follows:

Based on the stormwater modelling for the site, flooding of Ladbroke Crescent can be expected to occur during heavy rain events. It is normal practice to design stormwater pipe drainage systems for the low intensity storm events and utilise the road network and open drains to cater for the higher intensity events.

However, based on feedback provided by the residents the following minor works can be undertaken to improve the effectiveness of the existing drainage system.

1. Modify the grate on the inlet / surcharge pit to prevent blockages.

2. If possible, lower the standing water level at the outlet of the low-flow pipe and clean out the low flow pipe.

3. Monitor the function of the stormwater system following the improvements outlined in 1 and 2 above and, if deemed necessary, consider lowering the footpath between the kerb and channel and the field inlet / surcharge pit to increase stormwater runoff from the road.

Carried Unanimously
Ord 4/985/03/12

ORD 10 COMMITTEES' AND DELEGATES' REPORTS

Nil

ORD 11 OFFICERS' REPORTS

ORD 11.1 Quarterly Report on Implementation of Corporate Plan 2009-2013 & Operational Plan 2011-2012 - December

RESOLUTION (O'Connell / Arthur)

That the Quarterly Report on the Implementation of the Corporate Plan 2009-2013 and Operational Plan 2011-2012 for the period ended December be received and noted.

Carried Unanimously
Ord 4/986/03/12

ORD 11 OFFICERS' REPORTS

ORD 11.2 Quarterly Activity Report – October to December 2011 – Regulatory Services

RESOLUTION (Nioa / O'Connell)

That the Quarterly Activity report for Regulatory Services for October to December 2011 be noted.

Carried Unanimously
Ord 4/987/03/12

ORD 11 OFFICERS' REPORTS

ORD 11.3 Regional Arts Development Fund Applications Round 2, 2011/12

RESOLUTION (Harris / Hawes)

That Council endorses the recommendations of the RADF Committee as detailed in attachment 1 of report DOCS #2166942.

Carried Unanimously
Ord 4/988/03/12

ORD 11 OFFICERS' REPORTS

ORD 11.4 Capital Works Program 2011/2012 - Woocoo

RESOLUTION (Dalgleish / Hawes)

That Council endorse a program of works for the Capital Works Program 2011/2012 Woocoo as per the Priority 1 Schedule in Attachment 1 of report DOCS #2140803.

Carried Unanimously
Ord 4/989/03/12

ORD 11 OFFICERS' REPORTS

ORD 11.5 Adoption of Petrie Park Tiaro Land Management Plan and Works Plan

RESOLUTION (O'Connell / Hovard)

That the Petrie Park Tiaro Land Management Plan and Works Plan be adopted by Council for implementation.

Carried (10/1)
Ord 4/990/03/12

ORD 11 OFFICERS' REPORTS

ORD 11.6 Fraser Coast Airports Master Plan

RESOLUTION (O'Connell / Nioa)

That Council endorses the Draft Fraser Coast Airports Master Plan 2031 Part 3 including Maryborough Airport ANEF.

Carried Unanimously
Ord 4/991/03/12

ORD 11 OFFICERS' REPORTS

ORD 11.7 Application for Development Permit - Material Change of Use - Extension to a Community Facility (Historical Museum - Storage Shed) - 10 Burrum Street, Howard - Burrum and District Heritage Society Inc.

RESOLUTION (Dalgleish / MucKan)

That Development Application MCU-111062 be decided as follows:

Description of Proposal:

Material Change of Use – Extension to a Community Facility (Historical Museum – Storage Shed)

Decision:

Approved subject to conditions

Details of Approval:

The following approvals are given:

	Sustainable Planning Regulation 2009, schedule 3 reference	**Development Permit**	**Preliminary Approval**
Outline approval type		☒	☐

Approved Plans:

The approved plans and/or documents for this development approval are listed in the following table:

Plan / Document number	**Plan / Document name**	**Date**
-	'Site Plan' prepared by Garage World Maryborough	Dated 25 August 2010
-	'Plan Sheet' (as amended in red) prepared by Garage World Maryborough	Dated 17 November 2010

Conditions Imposed by the Assessment Manager:

General

1. Undertake the Development in accordance with Council's Planning Scheme, Planning Scheme Policies and Local Laws.

Vehicle Parking

2. Maintain the existing three (3) carparking spaces and landscaping located on the subject lot.

Design

3. Utilise colours in the development that are sympathetic to the surrounding environment and avoid excessive brightness, contrast, colour intensity, and reflectivity. In this regard, materials/colours on the roof and wall of the structures must not reflect glare into the habitable rooms of any dwelling on adjoining allotments.

Stormwater

4. Construct a roof water drainage system from the proposed development to the road frontage inlet pit.

5. All works associated with the development shall not cause:

   - adverse affects external to the subject site arising from any increase in velocity, volume and/or redirection of flow.
   - increase in the duration of inundation outside the site where such increased inundation could cause loss or damage.

Flooding

6. Ensure that the minimum floor level for this development is RL 16.7m AHD, to provide immunity from the 100 year ARI flood.

Earthworks

7. Maximum building pad height is to be 700mm above natural ground level. Provide matching offset excavation from site for any pad level above this height.

Environment

8. Construct erosion and sediment control measures prior to the commencement of works to minimise the potential for downstream impacts from overland flows resulting from heavy rain.

9. Keep the surrounding carriageways clean of any material carried onto the roadway by construction vehicles from the site. Any work carried out by Council to remove such material from the roadway will be at the applicants expense and any such cost are payable prior to the issuing of the certificate of practical completion and /or endorsement of survey plans.

10. Implement appropriate construction procedures including any necessary monitoring and the undertaking of appropriate building inspection reports if the use of vibratory compaction equipment (other than hand held devices) is to occur within 20 metres of any building or structure or where it could cause damage to any existing building or structure.

Infrastructure and Services

11. All damage to council infrastructure (including pavement damage) as a result of the development works is to be rectified at no cost and to the satisfaction of Council prior to the issuing of the certificate of practical completion.

Administration

12. Meet the costs of all works associated with this development including any necessary alteration or relocation of services, provision of upgrading of roadworks to accommodate all vehicular access works together with all public utility mains and/or installations. The Developer is responsible to accurately locate all existing services before any development works commence.

13. This approval is for the particular use stated and does not imply approval for other similar uses. To this end, the use of any of the proposed structures associated with this approval must be ancillary and incidental to the predominant use of the site for a Community Facility (Historical Museum – Storage Shed) and are not permitted to be used for any other purpose unless otherwise approved in writing by Council.

Carried Unanimously
MCU-111062
Ord 4/992/03/12

ORD 11 OFFICERS' REPORTS

ORD 11.8 Chicane - Samarai Drive

RESOLUTION (Dalgleish / Brooks)

That the chicane located in Samarai Drive, Kawungan be removed.

Carried Unanimously
Ord 4/993/03/12

ORD 12 MATTERS / MOTIONS OF WHICH DUE NOTICE HAS BEEN GIVEN

Nil

ORD 13 QUESTIONS ON NOTICE

ORD 13.1 Questions on Notice Register

RESOLUTION (Nioa / Hovard)

That the Questions on Notice Register report be received and noted.

Carried Unanimously
Ord 4/994/03/12

ORD 14 CONSIDERATION OF ITEMS PLACED ON THE AGENDA WITH THE CONSENT OF THE MAYOR

Nil

ORD 15 GENERAL BUSINESS

ORD 15.1 Main Street/Christensen Street Intersection

Councillor Dalgleish referred to an email received regarding the hazardous situation which was regularly occurring at the Main Street/Christensen Street T-intersection. He said that there had been a number of accidents at the location, including one where a vehicle went across Main Street and into a house which had actually moved the house on its stumps. Councillor Dalgleish said that Council needed to investigate the issue regarding installing some form of Armco barrier or traffic calming device.

The Director Infrastructure and Environment advised that this matter was currently being investigated. Mr Sweeney said that a possible short-term option was some type of barrier, but it was possible the residents would not be keen on this in front of their property. He advised that there was an opportunity to undertake some line-marking and raised pavement marking at the intersection. Mr Sweeney said that there was work that could be undertaken to make the intersection more visible, but he would not rule out the Armco guard rail option.

ORD 15 GENERAL BUSINESS

ORD 15.2 Appreciation to Staff

Councillor Dalgleish said that he wished to thank the Director Infrastructure and Environment, Mr Wayne Sweeney, and his staff who had been out in the terrible conditions during the recent storms undertaking some incredible work for people. He referred also to the pro-active work now taking place where they were identifying areas requiring work. Councillor Dalgleish requested that thanks be passed on to the staff and that they were made aware that their efforts were appreciated.

ORD 15 GENERAL BUSINESS

ORD 15.3 Foreshore Clean Up

Councillor Dalgleish said that there was a lot of talk about different groups wishing to clean up sections of the foreshore but with differing ideas as to how it should be undertaken. He said that he had devised a plan of 10 different things that could be done, adding he would really like to see all of the groups working together and meeting to discuss how matters relating to the foreshore could progress.

ORD 15 GENERAL BUSINESS

ORD 15.4 Electoral Commission Divisional Boundary Maps

Councillor MucKan said that he had received enquiries as to whether the divisional boundary maps could be better defined with street and road names to make them clearer for people to ascertain exactly where the divisions were located and in which division they lived.

ORD 15 GENERAL BUSINESS

ORD 15.5 Appreciation to Staff

Councillor MucKan said that he wished to congratulate the parks staff who had been out in the rain cleaning up across the region. He said that it was well done and everyone was doing a great job.

ORD 15 GENERAL BUSINESS

ORD 15.6 Moolyyir Creek Clean Up

Councillor MucKan referred to Moolyyir Creek and asked for an investigation in relation to cleaning it up, particularly near Moolyyir Street which has water across it when there was heavy rain. He said that this was a hazard and cleaning up the creek would assist in allowing water to drain away more quickly.

ORD 15 GENERAL BUSINESS

ORD 15.7 Burunga-m gambay Programme - USQ

Councillor O'Connell referred to a programme to be conducted for a couple of days in May, July and October by Sharon Loth from USQ. He said that she would be bringing together hundreds of young indigenous people, from primary through to secondary, and the opportunity was for them to visit USQ and the Fraser Coast area in general to appreciate indigenous culture and learn more about their history. Councillor O'Connell said that it was also an opportunity for non-indigenous young people to grow in appreciation. He said that Sharon and others at USQ had undertaken a considerable amount of work in the planning, and they were aiming to have well known indigenous guest speakers. Councillor O'Connell asked whether it would be possible for a Council Community staff member to liaise with Sharon in relation to support and advice that Council could offer for the programme.

ORD 15 GENERAL BUSINESS

ORD 15.8 Personal Message of Appreciation

Councillor Harris said that she wished to thank her fellow Councillors and Executive staff for their support to her husband Mal and herself over the last month. She said that it had been most appreciated and Mal had certainly appreciated all of the messages received. Councillor Harris said that it had been very heartening to have everyone's support.

ORD 15 GENERAL BUSINESS

ORD 15.9 Electoral Commission Divisional Boundary Maps

Councillor Harris referred to the Electoral Commission maps saying that it had been brought to her attention that although the maps were fairly defined in relation to the boundaries and identified road names, there were no maps available of all of the streets in some areas. She said that while not knowing how to overcome this, it was of concern to some people.

ORD 15 GENERAL BUSINESS

ORD 15.10 Appreciation to Staff

Councillor Harris said that she also wished to express appreciation to the Works and Parks staff for the hard work they were undertaking. She said that they were certainly under stress, adding the flooding situation had occurred three times in the last four months and this had meant the staff had to leave work which had been planned to deal with emergency work.

Councillor Harris said that she would also like to recognise the Emergency Services. She referred to the many times over the last few days in which power had been lost.

Councillor Harris also referred to the tragic loss on Monday 5 March of Glenwood resident, Fred Duffell, and said that Council sends its best wishes to Aileen. She recalled that last year Fred and Aileen had celebrated their 60th Wedding Anniversary which had been a very special day for them and they had been delighted that Council had acknowledged their anniversary.

Councillor Hovard said that she was sure everybody felt sad regarding the loss of Fred Duffell.

Councillor Brooks also expressed condolences to the Duffell family for their tragic loss.

ORD 15 GENERAL BUSINESS

ORD 15.11 Electoral Commission Divisional Boundary Maps

Councillor Hovard said that further to comments made by Councillors MucKan and Harris, the ratepayers of this region were paying $540,000 or more for the running of the election and maybe Council should be advising the ECQ of how much angst was being created in the community in relation to the maps.

ORD 15 GENERAL BUSINESS

ORD 15.12 Year of the Farmer

Councillor Hovard said that this year was "Year of the Farmer" and there were some marvellous farmers in the region who contributed greatly to the region and the economy. She said that she was wondering if Council was doing anything to acknowledge their contribution in this significant year, and if it was not then perhaps it should.

ORD 15 GENERAL BUSINESS

ORD 15.13 Acknowledgement of Community Members

Councillor Hawes said that while staff and emergency workers had already been acknowledged she wished to mention the members of the community who had been working flat out helping to clean up the mess. She said that neighbours were helping each other and it was really good to see such neighbourly spirit in the community. Councillor Hawes said that the members of the community also deserved acknowledgement.

ORD 15 GENERAL BUSINESS

ORD 15.14 International Women's Day

Councillor Hawes said that tomorrow was International Women's Day and it had been celebrated on 8 March for many years now. She said that this year's theme was empowering rural women to try and end poverty and hunger, and while she thought this was more valid for overseas countries rural women in Australia still played a big part in aiding the economy and feeding the people.

ORD 15 GENERAL BUSINESS

ORD 15.15 International Women's Day

Councillor Arthur said that in Maryborough, Ms Leith Boully would be the keynote speaker for International Women's Day. She said that tickets for the breakfast tomorrow morning had sold out with people very keen to listen to Ms Boully speak. Councillor Arthur said that she would be the keynote speaker at the USQ International Women's Day event. She said that she was looking forward to sharing her journey with young people and the students at USQ. Councillor Arthur said that it would be the highlight of her day tomorrow.

ORD 15 GENERAL BUSINESS

ORD 15.16 Clean Up Australia Day

Councillor Arthur referred to Clean Up Australia Day which had been held on Sunday 4 March. She said that it had been a really good day across the Fraser Coast and a good day to be out picking up rubbish and doing work for the environment. Councillor Arthur said that she wished to acknowledge the work of Council staff member, Kate Brown, who was new to the position of Council's Education/Project Officer. She said it had been Kate's first year organising Clean Up Australia Day across the Fraser Coast. Councillor Arthur said that Kate had gone the extra mile in making sure all of the smaller community groups were equipped with what they needed and provided with donations for their sausage sizzles. Councillor Arthur said that she had worked with Kate at the Maryborough site and she wished to acknowledge to Kate's Director the work Kate had done, her enthusiasm and her happy nature which had shone through at such an early hour. She said that a lot of people had participated and the work was well appreciated.

ORD 15 GENERAL BUSINESS

ORD 15.17 International Women's Day

Councillor McNeven also referred to International Women's Day and this year's theme of women's economic empowerment. She also commented that this probably was not as relevant in Australia as it was in other countries although the latest Australian Bureau of Statistics (ABS) figures showed that there was still a 17½% wage gap disparity between women's wages and men's which in a first world country was something. Councillor McNeven added that across the globe 70% of the world's poor were women and globally women earned less than 10% of the world's wages. She said that these were issues about which to really think, and what could be done to advance this cause. Councillor McNeven said that the Zonta Clubs in Maryborough and Hervey Bay would be holding breakfast events, with many other events being held including those by USQ and the UDIA.

ORD 15 GENERAL BUSINESS

ORD 15.18 Community Clean Ups

Councillor McNeven said that it was great to see Council staff and the community pitching in together to help during the dreadful conditions recently, particularly in areas which became cut off for many hours at a time. She said that she believed it was time Council thought about revisiting how it could help with community clean-ups. Councillor McNeven said that these clean-ups were once conducted, and Council would travel around the community and undertake collection of debris. She said that she realised it was an expensive exercise, but she believed assistance could be given particularly to the isolated areas and the Executive could investigate this matter.

ORD 15 GENERAL BUSINESS

ORD 15.19 Book Launch - Ray Becker

Councillor McNeven referred to Mr Ray Becker and reminded everybody he was launching his book, "From Stock Camp to City Hall", at the RSL on Saturday 10 March 9.30am for 10.00am. She said Mr Becker was a former Town Clerk of the former Hervey Bay Council.

ORD 15 GENERAL BUSINESS

ORD 15.20 International Women's Day

In referring to the many International Women's Day events Councillor Brooks said that she wished everything did not happen on the one day. She said that she would be attending events in Hervey Bay and would therefore miss out on those taking place in other parts of the region. Councillor Brooks said that there were some good events taking place and she was looking forward to tomorrow.

ORD 15 GENERAL BUSINESS

ORD 15.21 Mowing Schedules

Councillor Brooks said that she was still receiving complaints regarding mowing schedules. She said that she was aware that it was a constant challenge for Council staff to be keeping up with mowing in variable weather conditions. Councillor Brooks said that Burrum Heads and Point Vernon, and sections of Dundowran, were where people were commenting on how long the grass was getting between being mowed. She said that she hoped that as Council went forward into budget discussions there would be some capability for flexibility with the mowing schedule.

ORD 15 GENERAL BUSINESS

ORD 15.22 Clean Up Australia Day

Councillor Brooks said that on Clean Up Australia Day she and Councillor Kruger had planted and weeded with Urangan High School students at Pier Park foreshore. She said that unfortunately it had not been good weather, but that had not stopped anyone and the rain had benefitted the planting.

ORD 15 GENERAL BUSINESS

ORD 15.23 Sand Pushing/Clearing of Fallen Dead Trees on Beach

Councillor Brooks said that she would like to receive an update regarding Council's discussions with the State Government in relation to the sand pushing and clearing of fallen dead trees on the beach. She said that there was still some confusion in the community regarding what trees could and could not be touched, adding that she was not sure how to get the message out to the community as to where the boundaries stopped and started regarding this matter.

ORD 15 GENERAL BUSINESS

ORD 15.24 Clean Up Australia Day

Councillor Kruger said that he wished to thank and acknowledge The Chronicle for its support in relation to Clean Up Australia Day.

ORD 15 GENERAL BUSINESS

ORD 15.26 Disaster Management Centre

Councillor Kruger referred to the recent severe weather and the activation of the Disaster Management Centre on Monday morning. He said that it was still on alert at the present time and would remain so until the final warning was received from the Bureau of Meteorology (BOM). Councillor Kruger said that throughout Monday and Tuesday the Local Disaster Management Group (LDMG) had met on a number of occasions with the state agencies and those involved with the LDMG and also the DDC. Referring to the 2011 floods, he said that following the review of the Disaster Management Plan and also the Management Plan for the Mary River Marina which was endorsed by the occupants of the shops at that location, on this occasion everything went more smoothly. Councillor Kruger said that he wished to thank the Chief Executive Officer and Director Community & Development as well as other staff associated with the LDMG. He said that all of the agencies had performed well. Councillor Kruger said that access had been made to Granville prior to any flooding at the bottom of Kent Street.

Councillor Kruger said that he had undertaken inspections in Maryborough, and yesterday he went with Councillor Arthur to Glenwood; this had been the first time there had been access to Glenwood. He said over a 2-3 hour period a Glenwood local, Mr Brian Carroll, had taken them to view all of the “hot spots” in the area. Councillor Kruger said that there was a lot of work that the outside staff in the operations area would have to undertake in the next few months and assessments were currently being undertaken. He also referred to the Pacific Haven area saying that fortunately the Co-Ordinator of the Howard SES had undertaken a door-knock in the area and residents had not had water in their premises. Councillor Kruger said that Lenthall’s Dam naturally overflowed and while there were still a few problems with the gates Wide Bay Water was dealing with this.

Councillor Kruger said that in general the operations of the LDMG centre had gone smoothly and had worked closely with the new Police Superintendent, Mark Stiles, and Paul Behne. He also referred to Council’s new Disaster Planning Co-Ordinator, Mr Mal Churchill, saying he had done a very good job in communications, particularly in relation to the marina by keeping the people informed as to what was occurring. Councillor Kruger said that Mal had done a great job and was still working on it.

Councillor Kruger said that Fraser Island had "copped a hammering" yesterday morning and had been closed for a few hours but had opened again in the afternoon.

Councillor Kruger said that dealing with the situation had gone according to plan.

ORD 16 CONFIDENTIAL

Nil

There being no further business, the Meeting closed at 10.47am.

Confirmed at Ordinary Meeting No. 5 of the Fraser Coast Regional Council held at Maryborough on 21 March, 2012.
