DOGS

Registration and renewal fees

Pro-rata fees are calculated on a monthly basis

Puppies seven (7) months and under are charged at the desexed rate.
Pro-rata fees will apply for all first time registrations for the months of October to June only.

A \$20.00 on-time payment discount applies if renewal fees are paid by the registration due date. A \$5.00 'concessional discount' applies to renewal fees for pension/concession card holders. Eligibility must be presented to Council by 31 August to be claimable.

*\$20.00 on-time payment discount not applicable for Whole dog 8 years+

If an unregistered dog has been impounded, in addition to any impounding fees incurred, a pro-rata registration fee is payable prior to the animal's release.

Dangerous dogs will be reviewed annually in August. If all conditions have been met, the registration fee is \$150.

MISCELLANEOUS MATTERS THAT MAY APPLY TO DEVELOPMENT APPLICATIONS

Combined applications (involving more than one type of development and/or multiple land use)

Fees for combined applications are to be the sum of those fees that would have been required in the event of a separate development application being lodged for each type (e.g. material change of use, reconfiguring a lot, building work etc.) Where an application involves more than one type of land use, then the fee is to be based on the highest land use fee.

If a request for a concurrence agency referral is lodged concurrently with an MCU (material change of use) or BPS (building works assessable against a planning scheme), the amount payable is to be based on the highest land use fee.

Additional fees for expert advice and/or assessment of technical reports by Council-engaged consultants/specialists

Where assessment by external consultants having expertise specific to a particular proposal is required the applicant shall pay the cost of the external consultants. The cost must be paid prior to the delegates or Councils final determination of the application.

Additional fees for Fraser Island – Inspections and site visits

The additional fees have been based on the cost of travel by the most reasonable and practical transport means. Council officers will endeavour to minimise these costs by organising multiple inspections wherever possible.

Use not specifically identified in the fee schedule and/or unusual circumstances

Where an application involves a use not specifically provided for and the use or application could not reasonably be included in a category that is provided in the schedule of fees and charges, the Executive Manager Planning and Growth shall determine the relevant fee. This is to be based on an estimated fee to cover the total cost for Council to assess and determine the application.

Major Projects and Application for Variation to Scheme

Fee to be determined by the Executive Manager Planning and Growth.

Reduction of development application fees

The Executive Manager Planning and Growth has delegated authority to determine to partially waive a development application fee where a strict application of the scheduled fee is unreasonable having regard to the extent of the assessment required for the type of application being received. Requests for fee reduction shall be made in writing and lodged with the application and will be determined when the application is decided at which time the agreed reduction will be refunded.

WIDE BAY WATER AND WASTE SERVICES DIRECTORATE

REGULATION AND WASTE SERVICES

Certain waste types are not acceptable at some sites. "Acceptable" means approved for acceptance at a site by the Executive Manager Regulation and Waste Services. See individual site information sheets for detail.

All waste charges are measured as follows unless otherwise specified:

- WEIGHBRIDGE SITES - rate per tonne or part thereof unless otherwise specified.
- NON-WEIGHBRIDGE SITES - rate per cubic metre or part thereof, unless otherwise specified.

Waste disposal charge concessions may apply for not for profit and community groups subject to Council terms and conditions.

Waste disposal charges apply where non-recyclable waste exceeds 25% of a load containing reusable or recyclable materials. Excludes Specific waste types.

To assist famers impacted by the drought, no charge is applicable for the disposal of used feedstock bags and container disposed at the Aramara, Howard and Bauple transfer stations from the 22nd of August 2018 to the 30th June 2019.

DOMESTIC AND COMMERCIAL WASTE (Vehicle GVM less than 4.5 tonne)

Excludes specific and regulated waste types.

Waste delivered in vehicles over 4.5 tonne GVM, or in trailers exceeding the standard trailer dimensions will be charged on a weighed or waste volume basis.
