

Concrete Footpath—Carlo Street (PCYC Entrance to Liuzzi Street)

PROJECT:

This project provides for the construction of 220m of a 1.3m wide concrete footpath from the PCYC entry driveway up to Liuzzi Street. The works also include minor alterations to existing services infrastructure.

PROJECT ESTIMATE:

\$45,000 (this project is funded through the State Government's Works for Queensland Funding Program)

PROJECT SCOPE OF WORKS

The Project scope is as follows:

- Concrete footpath construction
- Alteration to existing service infrastructure
- Topsoiling and reinstatement of nature strip

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
