

Kerb and Channel Replacement—Gick Street (Steindl Street to Banana Street)

PROJECT:

This project provides for the replacement of approximately 380m of kerb and channel on both sides of Gick Street from Steindl Street to Banana Street.

PROJECT ESTIMATE:

\$250,000

PROJECT SCOPE OF WORKS

The Project scope is as follows:

- Replacement of kerb and channel
- New driveway crossovers

The traffic management plan that will be put in place for the duration of the construction period is attached. As noted on the plans, Gick Street will operate under a one way traffic arrangement as kerb and channel is replaced on each side of the street.

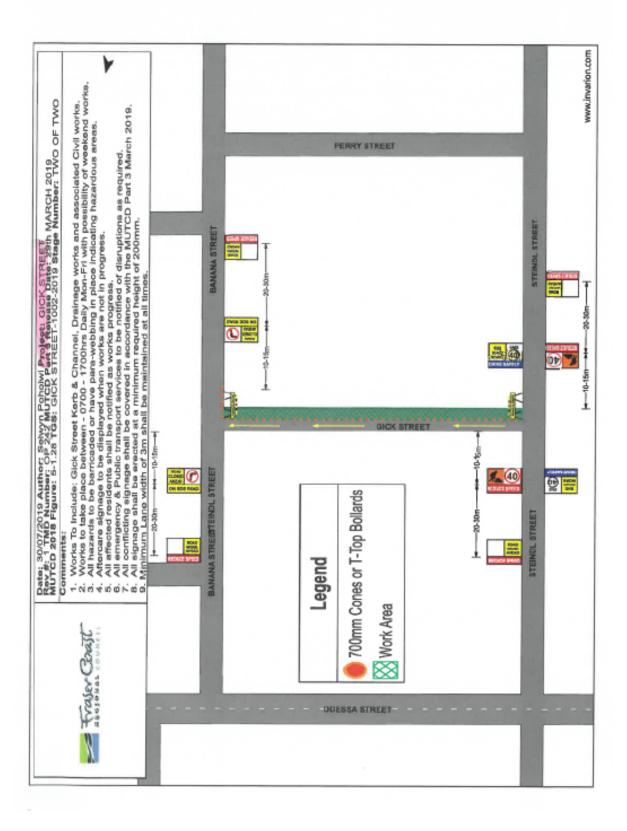

INDICATIVE PROJECT MILESTONES

August 2019	Final Design
Aug/Oct 2019	Construction Period
Nov 2019	Project Completion

Note: Project milestones are subject to weather and may change.
