

Revitalising The Urangan Harbour Precinct

Urangan Harbour Precinct

The Urangan Harbour is poised to become a Fraser Coast icon

The vision for the Urangan Harbour unlocks its true potential. Cafés, restaurants and clubs to create a vibrant harbour precinct. Green spaces that offer a quiet place to rest and take in the views. Space for outdoor events such as festivals and markets. Theme parks to tempt residents and tourists.

The harbour will remain a focal point for the whale watching fleet, boating enthusiasts and anglers. The facilities will be expanded to attract super yachts. It is an ideal location for new commercial tenancies to complement the precinct's shops, restaurants and conference facilities.

LEGEND

- 1. green spaces
- 2. residential living
- 3. conference/convention
- 4. marina facilities
- 5. tender cruise terminal
- 6. harbour resort
- 7. extra moorings

3 conference/convention

5 tender cruise terminal

6 harbour resort

8 super yachts

9 new restaurants/retail space

Revitalising The Urangan Harbour Precinct

A master plan has been developed by the State Government, Business and Fraser Coast Regional Council to revitalise the Urangan Harbour into an iconic destination. It is a vision to create jobs and bring investment to the region. The Master Plan aims to:

1. Establish an iconic tourism destination for the Fraser Coast
2. Attract investment through opportunities for commercial and residential land uses
3. Create a vibrant urban design and place-making destination
4. Facilitate investment in marine based facilities and increase boating capacity at the Harbour
