Erosion and Sediment Control Field Day 2020

INTRODUCTION TO EROSION AND SEDIMENT CONTROL

Monday, 17 February 2020

Full Day | 9am – 4pm | Lunch and Refreshments Provided

FREE EVENT | RSVP by Monday, 10 February 2020

Erosion and sediment control in action!

Healthy Land and Water, together with the Fraser Coast Regional Council, invites you to join us for a live demonstration of best practice erosion and sediment control (ESC) measures from our online ESC Toolkit.

Join us for an informative presentation from the experts, followed by demonstrations which will help you choose the right ESC measures to suit your building site, and provide some useful tips on how to save time and money by preventing soil erosion. More details will follow. To secure your booking, please RSVP and advise if you any dietary requirements by contacting Planning & Growth at Fraser Coast Regional Council on (07) 4197 4372 or email: development@frasercoast.qld.gov.au. All you need to bring is a notepad and pen, PPE safety boots, hat and sun-safe eyewear.

► Access the ESC Toolkit at hlw.org/esc

For all Construction Personnel | Planning Officers | Environmental Advisors |
Civil Engineers | Regulatory Officers
