Urangan South Structure Plan - Road and Drainage Corridor Concept Design

PROJECT:

The Urangan South Structure Plan was recently adopted by Council. The Plan will guide the provision of infrastructure and the character of future development in the Urangan South area. Further details relating to the Urangan South Structure plan can be found at:-

<https://www.frasercoast.qld.gov.au/urangan-south-land-use-strategy-and-local-area-plan>

Council recently appointed a Consultant to undertake the development of a concept design for the Urangan South Structure Plan road and drainage corridors.

This concept design will plan for the future development of drainage and road corridors within the Urangan South Structure Plan area and will formalise these corridors to support future development in the area.

To enable the concept designs to be developed, a detailed survey of areas bounded by Boundary Road to the north, Walkers Road to the east, Hughes Road to the west and Hervey Bay Airport to the south will be undertaken in May 2020.

PROJECT ESTIMATE:

\$75,000

INDICATIVE PROJECT MILESTONES

March 2020	Tender Period
May 2020	Survey & Concept Designs
June 2020	Project Completion

Note: Project milestones are subject to contract and weather and may change.
