

Links Corridor Lighting Replacement (Elizabeth Street to Bideford Street)

PROJECT:

This project provides for the replacement of the existing pathway lighting along a 2.6 kilometre section of the shared pathway on the Links Corridor between Elizabeth Street and Bideford Street.

The project was identified for completion as the existing lighting system is deteriorated and beyond repair. The upgrading works will also bring the lighting up to current standards.

PROJECT ESTIMATE:

\$400,000

PROJECT SCOPE OF WORKS:

- Removal and disposal of all existing lights, foundations and cables
- Installation of new light poles, fittings, cabling and switchgear
- Reinstatement of all existing vegetated areas

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
