## Kerb and Channel Replacement — Hutchins Street (Grosvenor Street to William Street)

### PROJECT:

This project provides for the replacement of the existing kerb and channel and pavement reinstatement works on both sides of Hutchins Street between Grosvenor Street and William Street.

The kerb and channel works are being undertaken as a result of inspections carried out as part of Council's ongoing asset inspection program which identified that the kerb and channel was showing signs of failure and distress.

### PROJECT ESTIMATE:

\$140,000

### PROJECT SCOPE OF WORKS:

- Removal and disposal of the existing kerb and channel
- Earthworks and stormwater pit replacements with associated drainage works
- Construction of new kerb and channel and pavement reinstatement
- Reinstatement of driveway crossovers and kerb ramps
- Reinstatement of disturbed verges

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.

### INDICATIVE PROJECT MILESTONES

June 2020	Final Design
July/Sept 2020	Construction Period
Oct 2020	Project Completion
