

Get Ready Month

Clean up your yard in October

Dispose of unused and unwanted outdoor items and contribute to the safety of you and your neighbours.

Council is offering disposal of specific waste types at **NO CHARGE** during the whole month of October at our waste facilities.

These waste types must directly relate to getting ready for the upcoming storm season, otherwise charges apply.

Sort your load before you come in.

Pack rubbish on the bottom and recycling on the top to avoid unnecessary charges.

Offer applies to **domestic and household loads only**. Commercial loads will be charged at normal rates.
