## **Appendix D    Fraser Coast Regional Council's Detailed Consequence Guide**

## Fraser Coast Regional Council's Detailed Consequence Guide

| Consequence   | Business Continuity and Business Systems  | Economic   | Environmental and Community  | Financial  | Infrastructure and Assets  | Legal Compliance and Liability   | Political  | Public Health  | Reputation   | Staff   | WH&S  |
|---------------|---|--|--|--|--|--|--|--|--|---|---|
| Catastrophic  | Permanent loss of activity.   | Failure of a significant industry or sector  | Widespread and irreversible environmental damage / harm attributed by the courts to be negligent or incompetent actions of Council.                    | Financial impact jeopardises Council as a going concern.                                       | Widespread, long term loss of substantial key assets, infrastructure, corporate information and/or IT network/hardware | Major civil lawsuit and/or criminal charges with prosecution.  | Loss of power and influence restricting decision making and capabilities. Dismissal of Council by State Government.                        | Fatality or Irreversible and major health effects on the community.  | Loss of State Government support with scathing criticism and removal of the Council. Negative National media exposure against Council. | Staff issues cause continuing failure to deliver essential services.  | Any fatality or significant irreversible disability.                |
| Major         | Significant disruption which has a serious impact on business activity, stakeholders or regulatory compliance resulting in contingency plans being invoked. | Significant structural adjustment required by identified industry to respond and recover from emergency event  | Severe environmental or community/planning impact requiring significant remedial action. Penalties and/or direction or compliance order incurred.      | Financial impact limiting the capacity of the Council to achieve objectives.                   | Widespread, short to medium term loss of key assets, infrastructure, corporate information and/or IT network/hardware  | Breach of regulation resulting in substantial fine, civil law suit, loss of contract/license, future transactions affected.          | Adverse impact and intervention by State Government, including loss of power and also added responsibilities and duties without resources. | Wide spread health effects across the community. Multiple serious injuries   | State media and public concern / exposure with adverse attention and long-term loss of support from Fraser Coast residents.            | Staff issues cause widespread failure to deliver several major strategic objectives and long term failure of day to day service delivery. | Serious Injury with LTI.  |
| Moderate      | Some disruption with unacceptable impact on business activity, stakeholders or regulatory compliance.   | Significant industry or business sector is significantly impacted by the emergency event, resulting in medium-term (i.e. more than one year) profit reductions | Moderate impact on the environment and or community/planning; no long term or irreversible damage. May incur cautionary notice or infringement notice. | Financial impact requiring reallocation of funds across directorates.                          | Short to medium term loss of key assets, infrastructure, corporate information and/or IT network/hardware.             | Breach of regulation resulting in significant fine, threat of legal action or threat of loss of contract/licence.                    | Adverse impact and intervention by another local government & LGAQ.  | Injuries require expert medical treatment, or One or two people may suffer ongoing health effects or a dozen or so people may suffer transient health impacts, or the community may be at some short term minor health risk. | Significant local concern / exposure and short to mid-term loss of support from Fraser Coast residents.                                | Staff issues cause failure to deliver minor strategic objectives and temporary and recoverable failure of day to day service delivery.    | Medical treatment.  |
| Minor         | Temporary and recoverable disruption with minor impact on business activity, stakeholders or regulatory compliance.   | Significant industry or business sector is impacted by the emergency event, resulting in short-term (i.e. less than one year) profit reductions                | Minor environmental or community/planning damage such as remote temporary pollution.   | Financial impact that can be absorbed and dealt with at the directorate level.                 | Minor loss/damage. Repairs required.   | Breach of regulation resulting in infringement notice, isolated threat of legal action, isolated threat of loss of contract/licence. | Adverse impact by another local government.  | Injury requiring first aid.  | Minor local community concern manageable through good public relations.  | Staff issues cause several days interruption of day to day service delivery.  | First aid treatment.  |
| Insignificant | Disruption with negligible impact on business activity, stakeholders, or regulatory compliance.   | Inconsequential business sector disruption   | Brief, non-hazardous, transient pollution or damage.   | Financial impact that can be absorbed and dealt with at the individual activity/project level. | Damage where repairs are required however facility/infrastructure/network/hardware are still operational.              | Minor complaint, incident or contract issue resolved by management.  | Negligible impact from another local government.   | A minor site treated or no lost time injury possible Negligible impact on community health.  | Transient matter, e.g. customer complaint, resolved in day-to-day management.  | Staff issues Short term low staffing level/performance temporarily reduces activity quality, but there is no impact on stakeholders.      | Slight injury or health effect not requiring first aid. Report Only |

## Appendix E Risk Assessment Overview
