TRANSFER CONDITIONS

Temporary transfers enable two customers to transfer water in the current year.

The seller's remaining allocation water for the year will be reduced by the Nominated Transfer Volume. The water available to the buyer will be increased by this volume.

Temporary transfers do not alter the buyer's or seller's conditions under the Water Supply Contract.

Volume that can be transferred

The maximum amount the seller may transfer is the volume available to the seller at the time of application.

By signing this form, the seller warrants they have sufficient water available for the temporary transfer.

The Seller is encouraged to check their meter reading to determine if such water is available.

Application

To apply for a transfer, the buyer and seller should complete and sign this application form and submit it to Fraser Coast Regional Council.

End of Water Year – please ensure that all applications are submitted at least five (5) business days prior to the end of the current water year.

A fee will be charged to those applicants who do not hold a current water allocation under the Resource Operations Plan..

Fraser Coast Regional Council will notify the buyer and seller within 5 business days of receiving an application whether the Seasonal Water Assignment has been approved or refused.

Seasonal Water Assignments are only valid for the current financial year ending 30 June. A new application is required each year.

Supply Contract

The buyer must have a Supply Contract with FCRC for delivery of the water prior to the application being made. Submission of this application form acts as your submission for a Water Supply Contract. The Buyer will need to understand and sign the Supply Contract prior to their application being approved.

Approval of Pumps

The buyer must ensure they have obtained approval under the Integrated Planning Act for their pump. This may include prior approval under a license.

WARNING

Any transfer of money between the buyer and seller is made at their own risk and does not involve Fraser Coast Regional Council.

The buyer should not begin accessing the water from a Seasonal Water Assignment until they have received written confirmation from Fraser Coast Regional Council that the Seasonal Water Assignment has been approved.

If a buyer exceeds their existing entitlement and the temporary transfer is refused, Fraser Coast Regional Council are required to report the buyer to the Department of Natural Resources, Mines and Energy.

Land Management

You may wish to contact the Department of Natural Resources, Mines and Energy to clarify any requirements for a Land and Water Management Plan.

Water Charges

The Seller's fixed (Part A) charges do not change as part of the temporary transfer.

Consumption (Part B) charges are payable for all water taken where the Standard Supply Contract applies.
