Road Pavement Replacement—Oriole Court, Eli Waters

PROJECT:

This project provides for road pavement replacement works in Oriole Court, Eli Waters from Bowerbird Avenue to the end of Oriole Court.

This project was identified for completion as part of Council's road reconstruction prioritisation process due to the road's current condition level.

PROJECT ESTIMATE:

\$180,000

PROJECT SCOPE OF WORKS:

- Excavation and earthworks;
- Pavement rehabilitation works including new asphalt surfacing;
- Replacement of a section of the existing kerb and channel from 1 to 7 Oriole Court (eastern side only);
- Driveway reconstruction (reinstatement works will be completed in plain concrete only);
- Removal of two trees at the carparking area at the end of Oriole Court;
- Topdressing and turfing of disturbed areas.

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
