

SCHOOL WASTE MANAGEMENT PROGRAM

WE WILL HELP YOUR SCHOOL

- REDUCE WASTE AND LITTERING
- REDUCE WASTE ASSOCIATED COSTS
- IMPROVE RECYCLING AND HELP GENERATE INCOME

FOLLOW SEVEN STEPS TO BUILD A WASTE MANAGEMENT ACTION PLAN FOR YOUR SCHOOL:

STEP 1	Initial meeting	Meet with Council's Education Officer to discuss the school's waste minimisation goals.
STEP 2	Commit	Form a group of 'enviro-champions' to get the project off the ground.
STEP 3	Assess	Assess the school's waste situation by conducting waste and litter audits.
STEP 4	Identify	Go through a waste check list to identify your existing and recommended actions.
STEP 5	Implement	Start implementing recommended actions
STEP 6	Evaluate	Evaluate your school's waste management program by conducting a second waste audit.
STEP 7	Recognition and celebration	Celebrate any milestone achieved and circulate through the whole school.

**Council's Education Officer will facilitate your school in getting through these steps*

Get started with this program and your school could become a waste wise school. Good stories will be published on Council's e-Newsletter and social media page.
