## Road Pavement Rehabilitation—Lennox St (Walker St to Churchill St)

### PROJECT:

This project provides for road pavement rehabilitation works in Lennox Street between Walker Street and Churchill Street.

This project was identified for completion as part of Council’s road reconstruction prioritisation process due to the road’s current condition level.

### PROJECT ESTIMATE:

\$1.3M

### PROJECT SCOPE OF WORKS:

- Excavation and earthworks;
- Pavement rehabilitation works including new asphalt surfacing;
- Kerb and channel replacement;
- Construction of a new footpath on the western side of Lennox Street between North St and Churchill St
- Driveway reconstruction (reinstatement works will be completed in plain concrete only);
- Kerb ramps;
- New stormwater;
- Linemarking, topdressing and turfing of disturbed areas.

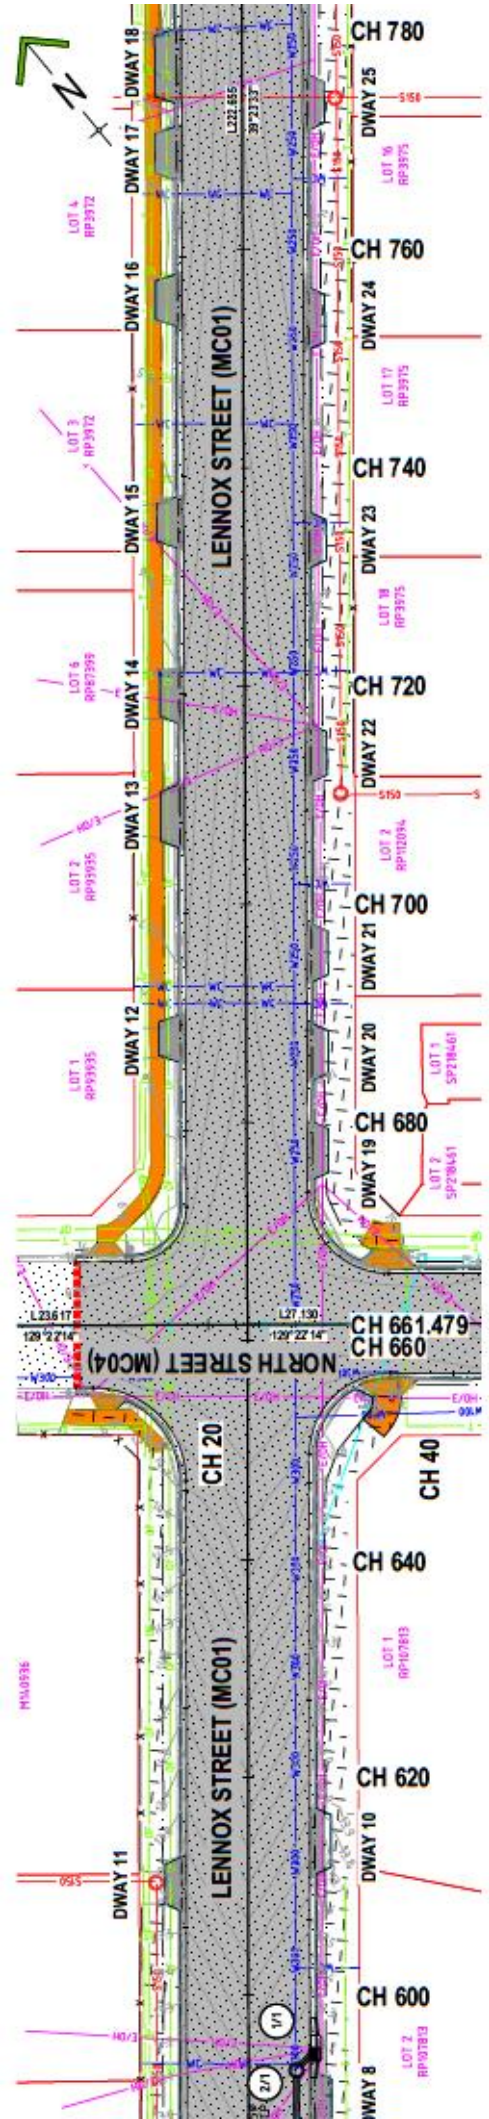

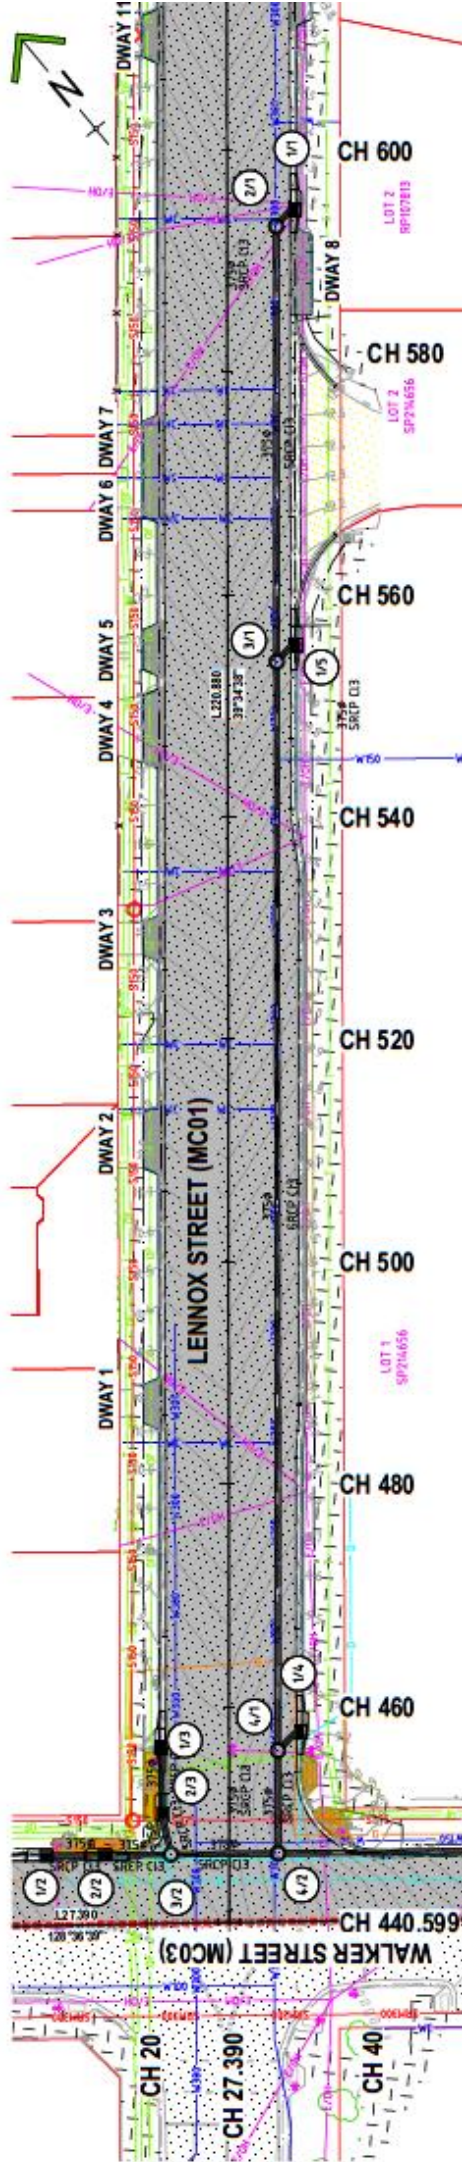

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
