

Footpath Replacement — Exeter Street (between Bideford Street and Robert Street)

PROJECT:

This project provides for the replacement of the existing bitumen and concrete footpath on the southern side of Exeter Street between Bideford Street and Robert Street with a 2m wide concrete footpath.

The footpath replacement works are being undertaken as a result of inspections carried out as part of Council's ongoing asset inspection program which identified that the footpath was showing signs of failure and distress.

PROJECT ESTIMATE:

\$330,000 (this project is funded through the State Government's Works for Queensland Funding Program)

PROJECT SCOPE OF WORKS:

The Project scope is as follows:

- Excavation and earthworks;
- Removal and disposal of existing bitumen and concrete footpath;
- Concrete footpath works;
- Topdressing and turfing of disturbed areas

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
