

# FACT SHEET

February 2022

## Tooley Street and Albert Street Intersection Upgrade

### PROJECT:

This project provides for an upgrade of the Tooley Street and Albert Street intersection by the construction of a small diameter single lane roundabout. Works also include the installation of medians and blister islands, stormwater drainage, linemarking, footpaths, pavement and surfacing.

The completion of this project will provide for improved safety for users of this intersection.

### PROJECT ESTIMATE:

\$720,000 (this project is funded through the Australian Government's Black Spot Program)

### PROJECT SCOPE OF WORKS

The Project scope is as follows:

- Small diameter single lane roundabout;
- Medians and blister islands;
- Stormwater drainage;
- Linemarking;
- Footpaths;
- Pavement and surfacing;
- Restoration works.

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
