

Netherby Road – School Bus Shelter

PROJECT:

This project provides for the installation of a school bus stop slab and shelter on Netherby Road north of Emery's Bridge Road. Works also include a section of pavement widening to provide adequate space for the school bus to pull off.

This project was identified for completion as part of projects to be delivered through the Passenger Transport Accessible Infrastructure Program.

PROJECT ESTIMATE:

\$60,000 (This project is partly funded through the Queensland Government's Passenger Transport Accessible Infrastructure Program)

PROJECT SCOPE OF WORKS:

The project scope is as follows:

- Excavation and earthworks;
- Construction of concrete slab;
- Installation of bus shelter;
- Pavement widening;
- Linemarking and signage;
- Topdressing and turfing of disturbed areas.

The traffic and pedestrian management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.

INDICATIVE PROJECT MILESTONES

March 2025	Final Design
March/April 2025	Construction Period
May 2025	Project Completion

Note: The project works will be completed in different stages with milestones subject to weather and may change.
