

## Kerb and Channel Sectional Replacement – Queen Street (326-332 Queen Street, Maryborough)

### PROJECT:

This project provides for the replacement of the kerb and channel on the southern side of Queen Street between 326 and 332 Queen Street, Maryborough.

The works are being undertaken as a result of Council's ongoing asset inspection program which identified that the kerb and channel was showing signs of failure and distress.

### PROJECT ESTIMATE:

\$150,000

### PROJECT SCOPE OF WORKS:

The project scope is as follows:

- Excavation and earthworks;
- Replacement of existing kerb and channel on the southern side of Queen Street between 326 and 332 Queen Street, Maryborough;
- Reconstruction of 4 existing vehicle crossovers at 326x2, 330 and 332 Queen Street Maryborough. *(Note: reinstatement works to be completed in plain concrete only);*
- Replacement of a section of driveway at 332 Queen Street and 330 Queen Street, Maryborough; *(Note: reinstatement works to be completed in plain concrete only);*
- Subsoil drainage works;
- Reconnection of stormwater to outlets;
- Construction of two new stormwater inlets in front of properties located at 334 Queen Street and 326 Queen Street;
- Removal of a tree on the footpath outside of 332 Queen Street, Maryborough;
- Topdressing and turfing of disturbed areas.

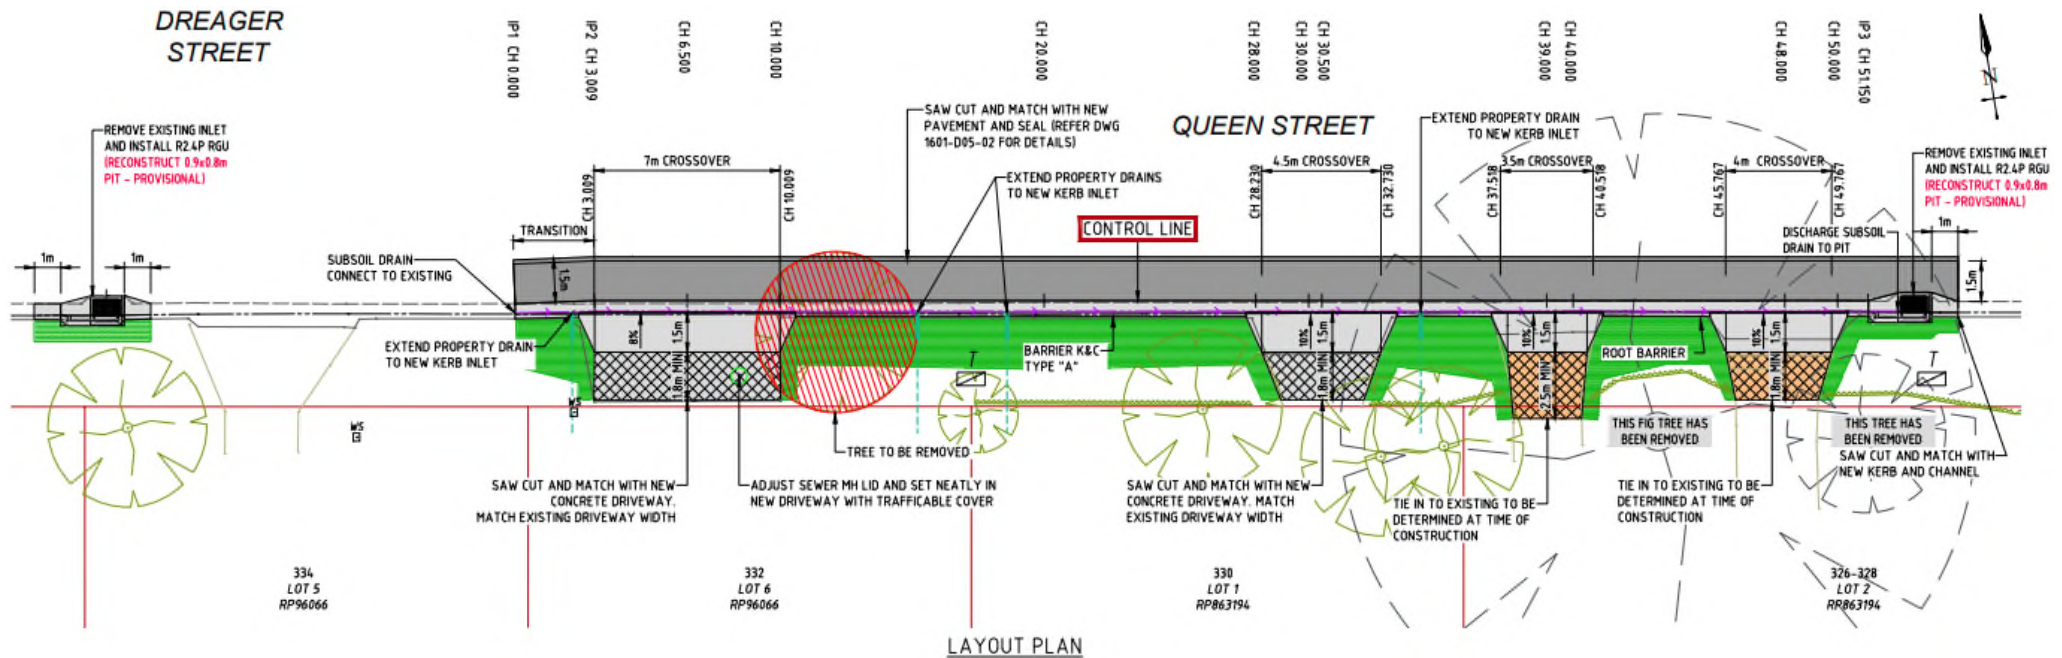

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
