

Water Restrictions - Exemption Application Form

The Water Supply (Safety and Reliability) Act 2008 permits Council, as the Fraser Coast's water service provider, the power to restrict water supply to customers. This legislation also allows Council to provide an exemption to specific customers from all or part of the restriction.

Should you, as a customer, be of the understanding that you meet the approved criteria (as outlined below) and require an exemption to the current water restrictions, please complete and submit an application using this form.

To assist in the evaluation of your request in a timely manner, please provide sufficient information to support your application. Following receipt and assessment by Council you will receive written confirmation of the outcome of your application. This may take up to 10 business days.

Criteria For Exemptions:

- ◆ Your core business activities are water related, and
- ◆ You will experience significant financial impact as a result of the water restrictions, and
- ◆ You have installed or implemented all reasonable water saving initiatives, and
- ◆ Your core business activities require water for safety, or
- ◆ Your core business activities require water for health and hygiene, or
- ◆ There is no feasible waterless alternative.

Personal / Business Details
