

## Footpath Construction – Ferry Street (Kent Street to Sussex Street)

### PROJECT:

This project provides for the construction of a 1.3m concrete footpath on the north-western side of Ferry Street between Kent Street and Sussex Street.

The footpath works will complete a missing link in this location.

### PROJECT ESTIMATE:

\$120,000

### PROJECT SCOPE OF WORKS:

The project scope is as follows:

- Excavation and earthworks;
- Construction of a 1.3m concrete footpath on the north-western side of Ferry Street between Kent Street and Sussex Street;
- 4 x new kerb ramps (Note: new footpath/ramp at 142 Ferry St to be reconstructed to suit new footpath area as current grade of ramp in this location is too steep);
- Re-construction of 2 x driveways at 144 and 148 Ferry Street. *(Note: reinstatement works to be completed in plain concrete only);*
- Topdressing and turfing of disturbed areas.

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.

### INDICATIVE PROJECT MILESTONES

|              |                     |
|--------------|---------------------|
