

Sectional Kerb and Channel Replacement – Cran Street

PROJECT:

This project provides for the replacement of approximately 60m of existing kerb and channel between 15 and 19 Cran Street.

The works are being undertaken as a result of inspections carried out as part of Council's ongoing asset inspection program which identified that the kerb and channel was showing signs of failure and distress.

PROJECT ESTIMATE:

\$60,000

PROJECT SCOPE OF WORKS:

The project scope is as follows:

- Excavation and earthworks;
- Replacement of approximately 60m of existing kerb and channel between 15 and 19 Cran Street;
- Installation of subsoil drainage;
- Replacement of the existing vehicle crossovers at 15 Cran Street x 2, 17 Cran Street x 2 and 19 Cran Street;
(*reinstatement works will be completed in plain concrete only*)
- Pavement reconstruction and resurfacing;
- Topdressing and turfing of disturbed areas.

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
