

Carpark and Footpath Connection – Charles Street, Pialba

PROJECT:

This project provides for the construction of a 17 space carpark and connecting footpath adjacent to the Hervey Bay Art Gallery providing access to Charles Street, Pialba.

The completion of this project will provide for additional sealed parking areas in and around this location.

PROJECT ESTIMATE:

\$200,000

PROJECT SCOPE OF WORKS:

The project scope is as follows:

- Excavation and earthworks
- Pavement and bitumen seal;
- Construction of concrete footpath to connect to existing footpath in Charles Street;
- Linemarking to allow for 17 additional carparking spaces;
- Topdressing and turfing of disturbed areas.

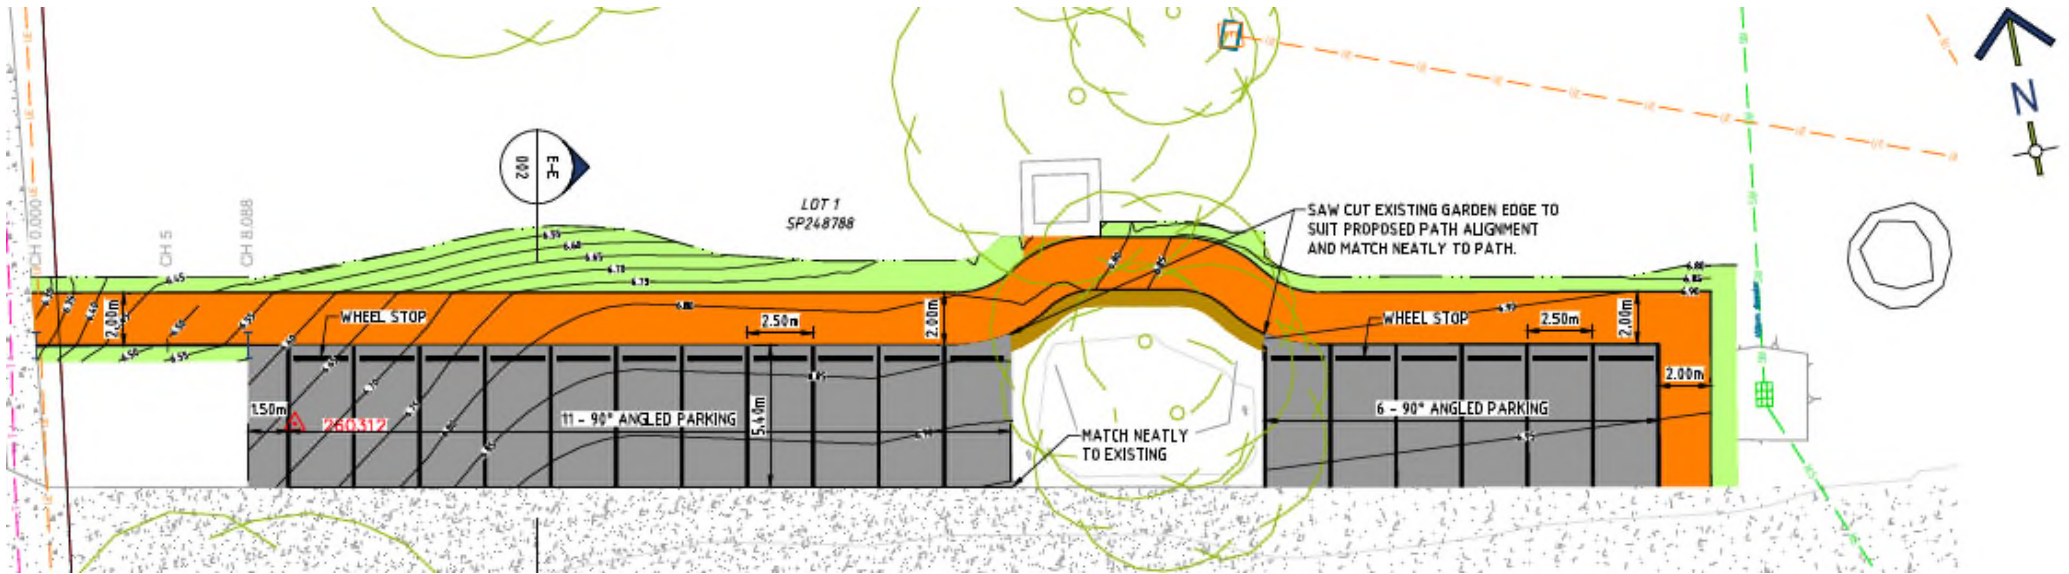

The traffic and pedestrian management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
